Find a Dental Provider ([mobile version](#))

The provider network constantly expands and changes. We cannot guarantee that all listed healthcare providers will be participating in your network at the time services are rendered. It is your responsibility to verify your healthcare provider's membership by calling your Managed Care Network and by confirming participation with your provider at the time of appointment. To obtain the phone number of your Managed Care Network, click here: <https://www.principal.com/partners/providers/ppomap.htm>

You've requested a provider in [The Principal Plan Dental](#) Network. Through our network relationships we have **1 PPO provider(s) available in the location requested.**

Some employer dental insurance plans do not provide coverage for all dental services performed. However, if your coverage with Principal is a PPO network plan, you may be eligible to receive discounts on non-covered services. Look for providers with this symbol by their name. They have partnered with us to charge a negotiated fee on non-covered services which is typically less than their normal fee.
